Serving Georgia Professionals in Public and Private Parking

The Parking Association of Georgia
P.O. Box 19508
Atlanta, Georgia 30325
info@thepag.org

The Parking Association of Georgia (PAG) cordially invites you to become a member of a dynamic group of professionals working in or concerned with the parking industry.

Serving Georgia Professionals in Public and Private Parking

Who Can Join?

PAG welcomes representatives from institutions, governmental bodies or authorities, private commercial operators, colleges, hospitals, airports, professional service or consulting firms, suppliers and anyone else interested in the advancement of the parking industry. All applications for membership, however, must be reviewed and approved by PAG's Board of Directors, the general membership, and must include the applicant's agreement to abide by our Code of Ethics.

What about Vendors?

While our core membership is public and private operators of parking facilities, PAG welcomes vendors! Unlike many professional organizations, PAG offers full membership status and other special benefits and marketing opportunities to firms engaged in supplying goods and/or services to the parking industry.

PAG Objectives

PAG's objectives are to build and maintain a statewide organization of parking professionals which will foster mutual support among its members, develop parking and transportation management as a profession, assist and aid members in solving parking problems, share information and technical know-how through education and training, monitor parking-related legislation, and educate and inform the public regarding transportation issues.

Benefits

Members of PAG may also be eligible for discounts on goods and services from participating PAG members, suppliers, and vendors. While PAG is not a partisan political entity, membership offers unique opportunities to monitor and participate in the legislative process. We keep our members abreast of local and state political, technical, and social developments affecting the industry.

Levels of Membership

When an organization joins PAG, one member of the joining organization is designated as the "Sustaining" member. Additional members joining from the same organization are termed "Associate" members. The privileges of each are noted as follows:

- Additional Associate Memberships: \$500
- Sustaining Membership: \$150

What are the Dues?

New members pay an initiation fee equal to the dues level for the membership selected (see below). Dues are paid thereafter on a calendar year basis. The current dues levels are:

All levels of membership get first call on PAG events, before these events are opened to the public. Other rights, privileges, and responsibilities of membership are described more fully in the Association Bylaws and Code of Ethics available through our website at www.parkingassociationofgeorgia.com or email us at info@pag.org.

- Sustaining members: Vote on association business (in his/her absence, may delegate his/her vote to an Associate, but only one vote per organization).
- Members may hold association offices. Receive discounts for PAG events.
- Associate members: Are non-voting, but may present an absent Sustaining Member's vote by "proxy".
- Members may hold association offices. Receive discounts for PAG events.
